**Dartmouth, August 26, 2011** – La Fédération culturelle acadienne de la Nouvelle-Écosse (La FéCANE) and the Association acadienne des artistes de la Nouvelle-Écosse (AAANÉ) are making available the registration form for the “Creation, Integration, Vitality...Together Towards Success” forum which will be held in Halifax on the weekend of November 18<sup>th</sup> to 20<sup>th</sup>, 2011.

The AAANÉ and La FéCANE are proud to collaborate in the making of this great opportunity to gather members of the Acadian arts and culture sector of Nova Scotia and representatives of the cultural, community, touristic, economic, and political activity fields of the province. This gathering will allow all participants to develop or strengthen relationships to encourage collaborations, thus creating a better environment for organisations of all sectors of Nova Scotia and away. In return, the Acadian community of Nova Scotia and its artistic and cultural sector will be better equipped and positioned as key players in the development of the province.

The forum offers two days of workshops, discussion, activities and presentations for everyone to learn and engage in the sustainable development of our communities. All activities will be held in French, but translation may be offered for a select few upon request.
